

How to set up Global View and Global Transfers

Global View lets you link and see all your HSBC accounts from different countries on one page and Global Transfer lets you instantly transfer money to your HSBC accounts around the world.

But before we get to transfers, let's learn how to set up your Global View.

Log in to internet banking, click on 'My banking' and under 'Global View' click on 'Add or remove a country/territory'.

Choose the country you want to add and click 'Continue'. You will then be redirected to your selected country's online banking.

By inputting your user name, answering your memorable question and entering a security code generated by your secure key device. Read and accept the terms and conditions and click 'Link Profile'

With Global View you can see all your HSBC accounts on one page.

When you're ready to transfer money to your overseas account, log in to your HSBC app. Click on 'Move Money' in the bottom menu and select Global Transfer.

You can now select and transfer money to the specific account in the country you've linked your Global View.

Choose the account you want to send from and the account you want to receive the money in. Select the currency and amount you want to send. Review all the details are correct and click 'Continue' to confirm your transfer.

It's really that easy. In the time it took to watch this video, your money could have travelled from London to Hong Kong to Sydney many times over. Try it for yourself today.
